

The Dronecon Hackathon hopes to gather service members,

researchers, and partner agencies.

It will be a **collider** of creative thought and real-world systems.

What is a hackathon?

Innovators join forces to **MAKE THINGS**, regardless of expertise.

1 Who is invited?

- Service members
- UAS enthusiasts, pilots
- University, Academy students
- Engineers, researchers
- Tinkerers
- Partner agencies
- Industry and small business

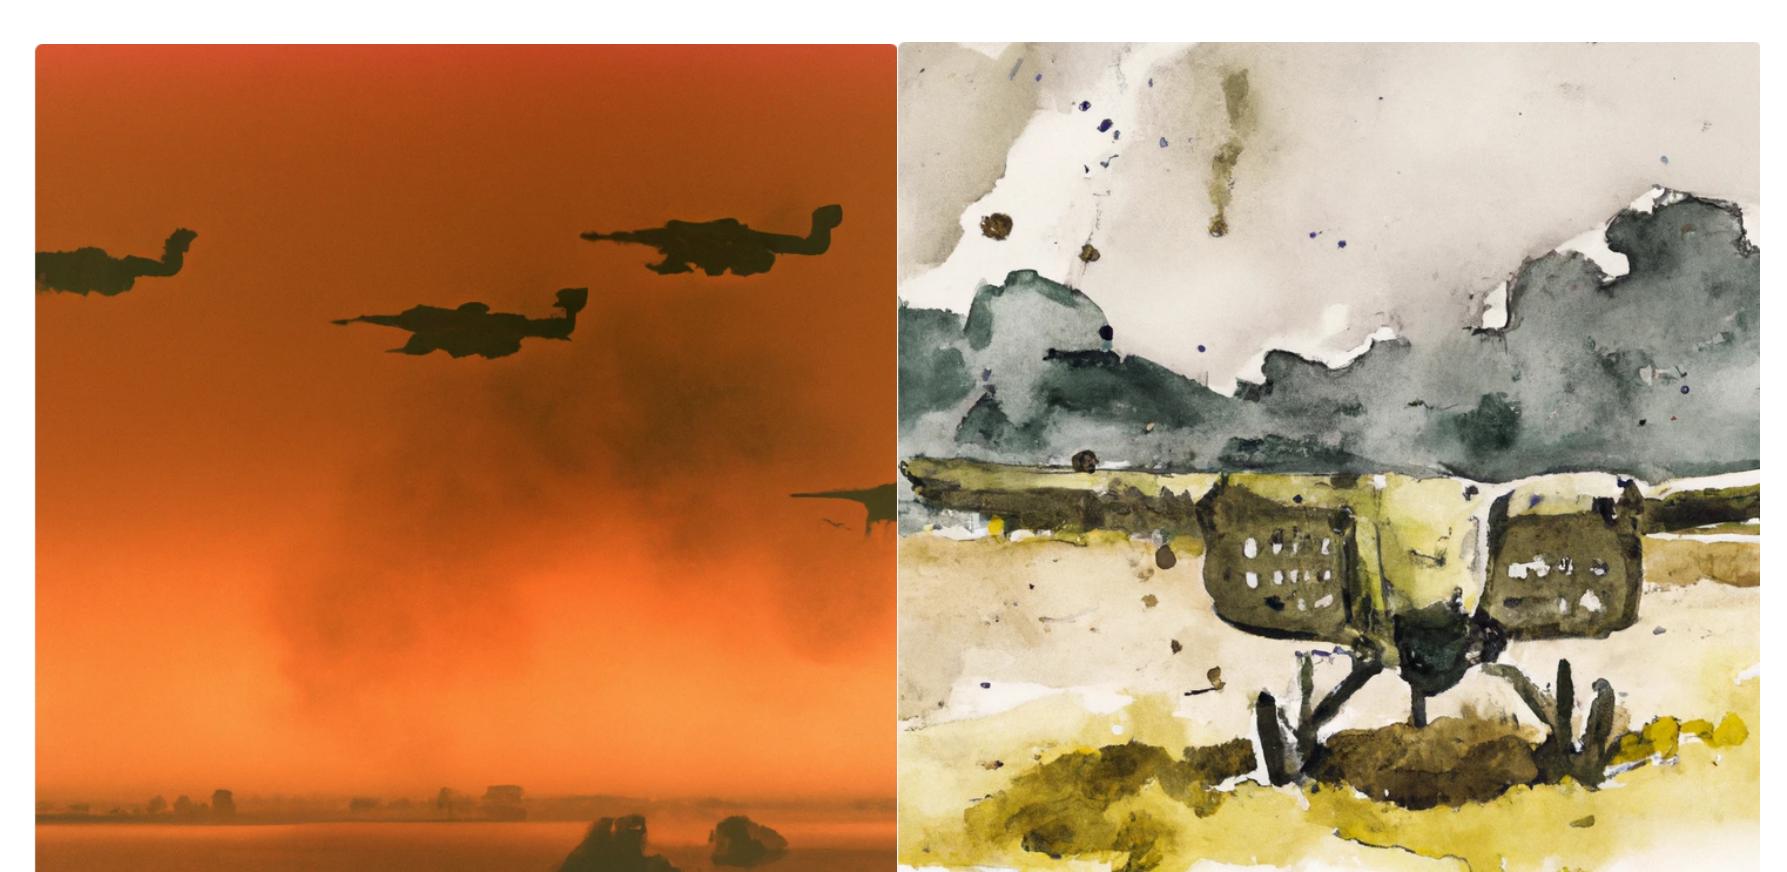

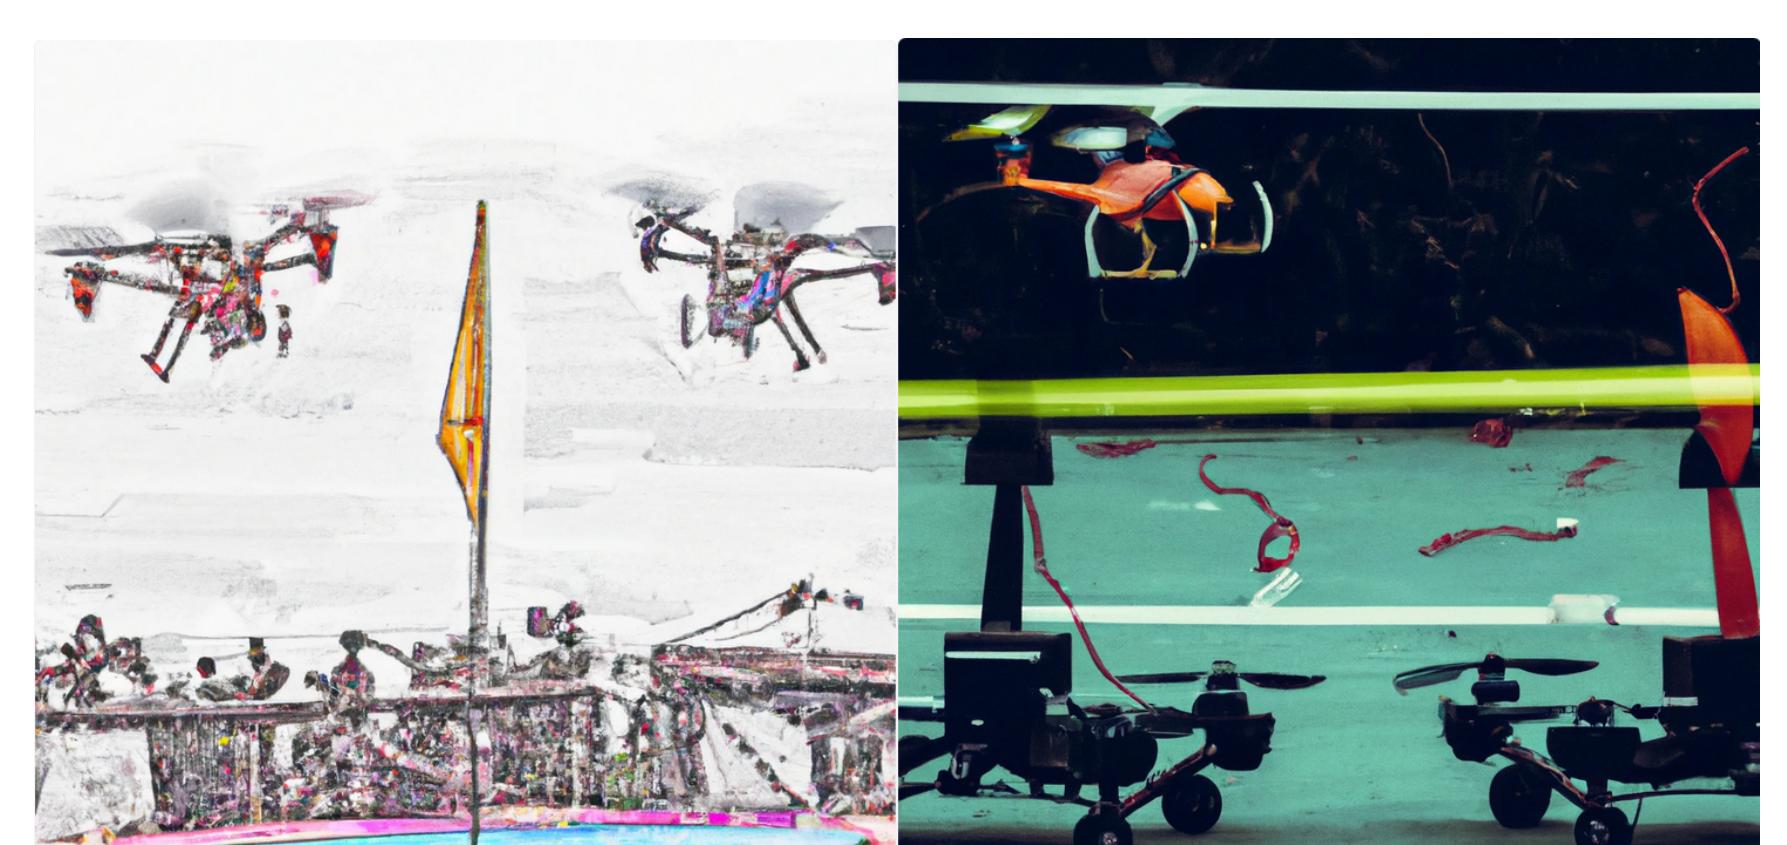

2 What, Why

- Test systems in new ways
- Craft new equipment
- Hybrid warfare
- Information security testing
- Spectrum warfare
- Rapid prototyping
- New frameworks
- Catch up with current warfare
- Machine learning
- Automation
- Detection
- Data analytics
- Human performance
- UX/UI

3 How do I get involved?

- forms.office.com/r/6H6wFBtK5a
- bravo.il2.afwerx.dso.mil
- tesseract.af.mil/Network
- dronecon.net
- dronewa.rs/details
- linkedin.com/company/dronecon-hackathon

Imagine.....

See you there!
